LearningExpress Library™ Quick Start Guide

At LearningExpress, our mission is to help students and adult learners improve the skills required for academic and career success. Our LearningExpress Library™ platform provides the most comprehensive selection of educational resources—including more than 1,000 tutorials, practice exams, and eBooks—for basic skills mastery, academic success, job preparation, and career advancement.

Access to LearningExpress Library™

LearningExpress Library™ is an online resource accessible from your library’s website.

You may browse the site before registering, but once you locate a resource you’d like to use, you will be prompted to register before you can access it. Registration also enables you to store any tests, eBooks, and tutorials for future use.

To register from a computer in your library, simply click the New User? Register Now link on the landing page. On the following page, enter your name and email address, create a password, and click Register.

If you are on a computer outside of your library’s network (at home), you must register as a New User from the custom, authenticated LearningExpress Library™ link on your library’s website. Failure to do so will result in a registration error message.

For future visits to the site, simply log in as a Returning User with your email address and the password you created at registration.

Site Navigation

On the landing page, you’ll find prominent icons for our core content areas—we call them centers. Our centers house all of our tutorials, practice exams, and eBooks. They are organized by areas of interest. Simply click the icon of a center that interests you.

If you’re uncertain about where to start, then review the Guidance tab in the center, which provides helpful guidance and recommendations on how to create a successful learning path.
Need Help?

The Help tab, located in the blue horizontal navigation bar on any page of the site, provides useful information including Frequently Asked Questions (FAQs) and System Requirements.

The Video Guides tab, located in the blue horizontal navigation bar on any page of the site, provides helpful videos covering registration, navigation, searching, how to access to resources, and more.
