## DID YOU KNOW?

ARTstor collaborates with professional photographers who are creating digital photographs of a wide range of architectural sites and monuments around the world. Photographers Colleen Chartier and Rob Wilkinson of ART on FILE document contemporary architecture, built environment projects, and landscape architecture throughout the United States, Europe, and the Middle East. Susan Silberberg-Peirce of Canyonlights World Art Image Bank photographed Prehistoric and Native American sites in the Southwestern United States, as well as Spanish Colonial missions in California. Art historian and photographer Ralph Lieberman is producing new images of contemporary museum architecture throughout the United States and Canada. Columbia University has created thousands of QuickTime Virtual Reality (QTVR) panoramas of ancient to contemporary architecture.
